Dear [REDACTED]

I received your very thoughtful letter a couple of days ago, and was pleased to note that you feel you are convalescing as rapidly as can be expected, and that you have confidence in the Doctors handling your case.

It was most unfortunate that your trouble had to flare up again at this particular time, but I feel sure that the course of action which you followed in getting yourself admitted to the Bethesda Hospital was the wisest one. Your friends here frequently inquire of your condition and present status.

Best wishes and a speedy recovery, and I should be glad to see you when you are able to be up and around.

Sincerely,

FOIAb3b
